

```
yy::genesyspp_parser  
::make_fINT
```

```
graph RL; while[while] --> yy[yy::genesyspp_parser::make_fINT];
```

A diagram showing a call from a function named 'while' to a function named 'yy::genesyspp\_parser::make\_fINT'. The 'while' function is represented by a white box on the right, and the target function is represented by a gray box on the left. A dark blue arrow points from the 'while' box to the gray box.
