

StatisticsDanielBoso
::histogramClassLowerLimit

```
graph LR; A[StatisticsDanielBoso::histogramClassLowerLimit] --> B[StatisticsDanielBoso::min]; A --> C[StatisticsDanielBoso::max];
```

The diagram illustrates a hierarchical structure. A central node on the left, labeled 'StatisticsDanielBoso::histogramClassLowerLimit', has two outgoing arrows pointing to two separate nodes on the right. The top node is labeled 'StatisticsDanielBoso::min' and the bottom node is labeled 'StatisticsDanielBoso::max'. The central node is shaded gray, while the two child nodes are white with black borders.

StatisticsDanielBoso::min
