

ProcessAnalyser_if

```
graph BT; A[ProcessAnalyserDummyImpl] --> B[ProcessAnalyser_if];
```

A UML diagram illustrating an implementation relationship. At the top is a box labeled 'ProcessAnalyser_if' with a light gray fill and a black border. Below it is a box labeled 'ProcessAnalyserDummyImpl' with a white fill and a black border. A blue arrow points from the bottom of the 'ProcessAnalyserDummyImpl' box to the bottom of the 'ProcessAnalyser_if' box, indicating that 'ProcessAnalyserDummyImpl' implements 'ProcessAnalyser_if'.

ProcessAnalyserDummyImpl
